

# PIVOT T21A Tech Specs

### Dimensions

Width: 5.79 in (144.7 mm)  
Height: 8.09 in (205.4 mm)  
Thickness: 0.83 in (21.2 mm)

### Materials

Hardened Impact-Resistant Polycarbonate, TPU

### Weight (Assuming iPad Mini 6th gen.)

Inner Shell, Empty: 2.61 oz (74.0 g)  
Outer Shell, Empty: 4.87 oz (138.0 g)  
Inner Shell + Outer Shell, Empty: 7.48 oz (212.0 g)  
Inner Shell + Outer Shell + Device: 17.82 oz (505.2 g)

Reviewed and approved by the FAA. Airlines can commence EFB operations with Pivot mounts and suction cups while vetting STCs.

Avoid lost time due to cockpit setup with the quick and easy PIVOT mounting system. Connect and adjust in only seconds.

Pilot tested with millions of block hours logged and counting, PIVOT continues to set the standard in EFB cases and mounts.

PIVOT's unique, patented mounting system provides one-handed adjustability with a full range of tilt and rotation angles.

Upgrade your PIVOT knowing your mount will never be obsolete. PIVOT's standardized mount supports current and future devices.

Hardened Polycarbonate shell for corner and drop protection from every angle to keep devices safe in any environment.

Each corner of the device is cushioned from impact by a pocket of air, which absorbs and dissipates shock from falls.

With PIVOT's audible engagement, be confident when hearing the "Click!" your connection is locked in place.

Maintain safe operating temperatures with air circulation around the device and insulation from exterior heat sources.

Extremely lightweight, thanks to advanced materials and design.
