RAM® Quick-Grip™ Pro XL Phone Holder

Supports most phones with or without a case

RAM-HOL-PD5U
RAM® Quick-Grip™ Pro Phone Holder

RAM® Quick-Grip™ Pro

FEATURES & BENEFITS

Universal Fitment

Adjustable bottom allows users to properly align their phone, while spring-loaded top enables one-handed device insertion and removal.

RAM® Mounts Compatible

The holders' 2-hole AMPS pattern on the back connects to any RAM® Diamond Ball base. You can complete your solution by building a custom solution or exploring popular kits built by RAM® experts.

Vibration Damping

Low-profile, integrated vibration damper protects electronic devices from a wide range of vibration frequencies.*

Wireless Charging

Integrated accessory cavity fits the Apple MagSafe charger. Not interested in charging? No problem! The included anti-slip cover or RAM® decal ensure a flush device fit when the Apple MagSafe puck is not installed.

*A reduction in vibration does not guarantee full protection of device. External immeasurable factors may cause damage to phones, cameras, and other devices while mounted in the RAM® Vibe-Safe™. National Products, Inc does not assume responsibility or liability for any such personal injury, death or property damage. RAM® Mounts lifetime warranty is limited to RAM® Mounts and components. The warranty does not include any device mounted or attached to a RAM® Mount, such as a phone, GPS, camera, computer or other device.

RAM® Quick-Grip™ Pro
